

About Sandy's Readings:

All of Sandy's readings are channeled from her Guides and yours. They will tell you, through Sandy, what it is most important for you to hear at the time of your session. If you are interested in your future, book a regular channeled reading or an astrology reading. Choose one of her focused channeled readings for more specific insights. Also choose a focused session if you desire coaching or counselling with Sandy and her Guides. Astrology sessions may also be combined with coaching. Half hour and full hour sessions are available for most readings, but Sandy's Past Life Tarot Reading, her Natal Astrology Reading and her Astrological Relationship Reading all are all a full hour. Sandy's Death Chart and Afterlife Astrology Reading requires two hour-long sessions on two different days. Call for current pricing.
